## Client Testimonials

*"Georgina was extremely helpful at finding a replacement within an extremely tight turnaround. She managed to source a decent amount of candidates for us to interview, and we were happily surprised at the high calibre of all CV's. During what could have been a very stressful time, Georgina alleviated this. I would not hesitate to use her again in the future. 5 stars!"*

**Finance Manager, Southern Scientific**

*"As a relatively new business we had not previously recruited for a finance role. The support and knowledge we received from Georgina at Harvey John was invaluable throughout the entire process. Furthermore Georgina immediately connected with our brief and presented a selection of great candidates. The high calibre of the candidates did make reaching a final decision quite hard but we were able to select and recruit a Finance Manager in just two weeks. We would not hesitate to recommend Georgina and Harvey John and will certainly look to use their services in the future."*

**Managing Director, Rinkit**

*"I've worked with Georgina several times and she has successfully filled 3 vacancies for me over the years. Without fail she's been excellent to work with - she has always taken a genuine interest in the vacancy and, importantly, tried hard to closely match a small number of suitable candidates (rather than blasting CVs without proper consideration for both candidate or employer). She is highly professional, always follows-up when promised, and takes her role seriously. I would not hesitate to recommend her."*
